Gentrepreneur Company / Freelance For Business can change the cookie policy at any time. This can happen in the context of changes to its services under the applicable legislation. The approved policy is then published on the relevant Freelance for companies online services and applies from the moment it is published.

What are cookies exactly?

Cookies are small data or text files that are installed on your computer or mobile device when you visit a website or use a (mobile) application. The cookie file contains a unique code with which your browser can be recognized by the website or web application during the visit to the online service or during successive, repeated visits. Cookies can be placed by the server of the website or application that you visit, but also by third-party servers that may or may not work with this website or application.

Cookies generally make the interaction between the visitor and the website or application easier and faster and help the visitor to navigate between the different parts of a website or application.

How can you refuse or manage the use of cookies on Gentrepreneur Company / Freelance For Business online services?

You can easily block and delete cookies yourself at any time via your internet browser. You can also set your internet browser so that you receive a message when a cookie is placed. You can also indicate that certain cookies may not be placed. View the help function of your browser for this option. If you delete the cookies in your browser, this can have consequences for the pleasant use of this website.

Be aware that if you do not want cookies, we can no longer guarantee that our website works properly. It may be that some functions of the site are lost or even that you can no longer visit the website. In addition, refusing cookies does not mean that you will no longer see any advertisements. The ads are then no longer tailored to your interests and can therefore be repeated more often. How you can adjust your settings differs per browser. If necessary, consult the help function of your browser, or click on one of the icons below to go directly to the manual of your browser.

Below you will find a detailed list of all types of cookies that Gentrepreneur Company / Freelance For Business uses on its websites.

Used cookies

Functional cookies: this allows us to make the website function better and makes it more user-friendly for the visitor. For example, we save your login details

Analytical cookies: these ensure that an anonymous cookie is generated every time you visit a website. These cookies know whether you have visited the site before or not. Only on the first visit, a cookie is created, on subsequent visits the existing cookie is used. This cookie is for statistical purposes only. In this way the following data can be collected: the number of unique visitors, how often users visit the site, which pages users view, how long users view a certain page. at which page visitors leave the site

Social media related cookies: social media such as Facebook and LinkedIn use this to register which articles and pages you share via their social media sharing buttons. They may also contain tracking cookies that track your surfing behavior on the web.

Site improvement cookies: this allows us to test different versions of a web page to see which page is best visited.

3rd party cookies:

Mailchimp: Freelance for business uses Mailchimp for email marketing. Our users can register for our newsletters to stay informed of our promotions. Events, articles, changes and others are also announced in this newsletter. For more information you can find the general terms and conditions and privacy policy of Mailchimp here.
